8th European Conference on Computer Vision

First
Announcement

Invitation

The Czech Technical University in Prague is pleased to announce the Eighth European Conference on Computer Vision—ECCV 2004, which will be held in Prague, Czech Republic from May 11 to May 14, 2004.

ECCV is a highly selective single-track conference on computer analysis of digital images comprising the highest quality, previously unpublished papers covering the fundamentals of computer vision.

Contributions are sought on new and original research on any aspect of computer vision including the following topics:

1. Illumination and Reflectance Modelling
2. Image Formation, Acquisition Devices and Sensors
3. Low-level Vision, Image Features and Detectors
4. Segmentation and Grouping
5. Texture
6. Tracking and Motion
7. Video Analysis and Event Recognition
8. Multiple View Geometry
9. 3D Reconstruction and Shape (from X)
10. Image-based Modelling
11. Matching, Correspondence and Flow
12. Object Recognition, Retrieval and Indexing
13. Visual Learning and Cognitive Vision
14. Active and Robot Vision
15. Biologically-inspired Vision
16. Vision Systems Engineering & Evaluation
17. Industrial and Medical Applications

For further information regarding submission of papers please visit the ECCV 2004 homepage at

<http://cmp.felk.cvut.cz/eccv2004>

Organising Committee

The Eighth European Conference on Computer Vision is organized by the Center for Machine Perception of the Czech Technical University in Prague.

Vaclav Hlavac
General Chair

Tomas Pajdla and Jiri Matas
Programme Chairs

Radim Sara
Workshops and Tutorials Chair

Vladimir Smutny
Demonstrations and Industrial Programme Chair

Eva Matyskova
Local Arrangements Chair

I would like to receive the 2nd Announcement and Call for Papers of the Eighth European Conference on Computer Vision, May 11-14 2004, Prague, Czech Republic.
