

Saturday Workshop Programme

- 9:30 – 10:10 **Jan-Michael Frahm**
Efficient Large-scale Reconstruction of 3D Models and Bringing Them to Life
- 10:10 – 10:50 **Jiri Matas**
Multi-Class Model Fitting by Energy Minimization and Mode-Seeking
- 10:50 – 11:10 Coffee break
- 11:10 – 11:50 **Daniel Cremers**
Combinatorial Shape Matching
- 11:50 – 12:30 **Torsten Sattler**
Visual Localization between Day and Night and (Semantic) 3D Reconstruction
- 12:30 – 13:30 LUNCH
- 13:30 – 14:10 **Vittorio Ferrari**
Do Semantic Parts Emerge in Convolutional Neural Networks?
- 14:10 – 14:50 **Giorgos Tolias**
Ranking on Manifolds for Image Retrieval with CNN Descriptors
