Curriculum vitæ — Jan KYBIC

July 8, 2008

Center for Machine Perception Department of Cybernetics Faculty of Electrical Engineering Czech Technical University Technická 2 Praha 6, 166 27 Czech Republic

+420 2 2435 5721 (work) +420 2 2435 7385 (fax) kybic@fel.cvut.cz http://cmp.felk.cvut.cz/~kybic

Born on 18th January 1974 in Prague, Czech Republic. Male.

Work experience

| since 2003 | Senior researcher at CMP, FEE, Czech Technical University, Prague. |
|------------|-----------------------------------------------------------------------------------------|
| 2001–2003 | Post-doc position at <i>INRIA</i> , France, working on inverse problems in MEG and EEG. |
| 1992–1998 | several part-time and summer jobs in software development and system administration. |

Education

- 1998–2001 PhD in biomedical image processing at *Ecole Polytechnique Fédérale de Lausanne (EPFL)*, Switzerland, with thesis *Biomedical Image Registration by Elastic Warping*.
- 1994–1998 Master (Engineer) in control engineering from Czech Technical University (CTU), with honors, with thesis Kalman Filtering and Speech Enhancement

Research interests

Signal and image processing for biomedical applications, image registration, segmentation, splines and wavelets, speech processing and enhancement, computer vision, numerical methods, inverse problems, algorithm theory, parallel algorithms, control theory.

Language skills

Mother tongue Czech, fluent English, French, and Spanish, conversational knowledge of German and Italian, intermediate Russian, basic Portuguese.

Professional activities

Associated Editor for *IEEE Transactions on Medical Imaging*. Article reviews for *IEEE Transactions on Medical Imaging*, *IEEE Transactions on Image Processing*, *IEEE Transactions on Biomedical Engineering*, *Medical Image Analysis* and various other journals and conferences. Member of *IEEE*, *Czech TeX Users Group*, *Czech Linux Users Group*. Organized the *CVAMIA* workshop at the *ECCV* conference in 2004, Prague; *Local ACM Programming Contest* at *CTU* in 1996–1999. Reviewer of PhD and Master theses. Collaborated on six projects funded by Czech grant agencies and in one European training network.

Pedagogical activities

Teaching a *Digital Image Processing* and *Medical Imaging* courses. Lectures about medical and microscopy image processing. Two PhD students and seven Master students have successfully defended; currently advising four and co-advising one PhD student.

Publications

Journal articles:
